### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner respectfully agrees with Applicants' arguments on page 7 of their amendment stating that the closest prior art device (which is disclosed by Rudes et al. '179) does not disclose the particular structural configuration of the lifting apparatus as presently recited in claim 1; i.e., the extendable bar 82 of the device of Rudes et al. '179 is non-rotatable and fixedly attached to power actuator 64, as opposed to the extendable bar being *pivotaly* connected to the power actuator as explicitly recited in independent claim 1. Since claims 11-28 were allowed in the previous Office action filed February 8, 2005; dependent claims 3 and 6 (which were also indicated as containing allowable subject matter in the prior Office action) have been rewritten into independent form as newly-added claims 29 and 30, respectively; and an updated search of the prior art did not yield any other references pertinent to Applicants' claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..
